

For Bus Drivers

Bus Parking

For buses, enter campus from E. Starr Avenue by turning onto Raguet St. (see map). Turn left into the parking lot behind the STEM Building. Let your students off at the SW corner of the STEM building. Buses are required to park at the Coliseum Parking Lot during the show. The bus parking lot is about 0.5 miles from the planetarium.

For Other Vehicles

Weekday Vehicle Parking

For vehicles, paid parking is available at the nearby Student Center Parking Garage located across the traffic circle from the Planetarium (\$2 per hour using the **Parkmobile** mobile app). Sorry, visitors to the SFA Planetarium should not use the visitor parking booth on Griffith Blvd. On the weekends, you can park in the parking lot beside the STEM Building (i.e., south of building 11 above). For special parking requests, you can contact the University Parking & Traffic Office located at 1925 Wilson Drive (first floor of Wilson Parking Garage, sfaparking@sfasu.edu).
