

Three Women in STEM Scholarships Available

2016-17 Academic Year

\$5,000 awarded to three eligible STEM majors

THROUGH THE COLLEGE OF SCIENCES AND MATHEMATICS

Visit cosm.sfasu.edu/stem/wistem to download an application.

STEM majors include:

- Biochemistry
- Biology
- Chemistry
- Computer science
- Computer information systems
- Engineering physics
- Geology
- Information technology
- Mathematics
- Nursing
- Physics

To be considered, you must:

1. Be a female SFA student who has declared a STEM major;
2. Complete the scholarship application with essay. Applications are due by 5 p.m. Friday, June 3, to the dean's office, located in the Miller Science Building, Room 100;
3. Submit at least one letter of recommendation from a STEM faculty member (college or high school, as appropriate);
4. Demonstrate academic excellence with at least a 3.0 GPA in the major and at least a 3.5 GPA cumulatively;
5. And advance through the interview process with the STEM scholarship committee.

Each scholarship recipient receives \$2,500 per semester for the 2016-17 academic year, provided the student maintains the scholarship requirements. The student must make appropriate progress each semester on the degree requirements for the major.

To receive an application form or to learn more about this scholarship opportunity, contact Vicki Shimer by email at shimervm@sfasu.edu or by phone at (936) 468-5197.
