

Course Proposal: Delete Course

1. Course prefix and number: **CHE 125**
2. Effective Year/Term: **FALL 2013**
3. CIP CODE/10 digit program code: **4001010002**
4. Short Course Title: **Introductory Physical Science**
5. College: **College of Science and Mathematics**
6. Department Teaching Course: **Chemistry**
7. What is the primary reason for deleting this course:

This course was designed for only elementary education majors and is no longer a required course in their major. This decision has been discussed between Elementary Education and Chemistry. The course was discontinued from being offered starting with Fall 2012.

8. Is this course deletion contingent upon the approval of proposal to add a new

course or modify an existing one? Please explain.

No, but we are designing a new chemistry core course to replace CHE 125. Hopefully, the course will be ready to submit by Nov. 1. The new course will be similar to CHE 125 but open to all majors.
