

# 2015-16 STEM Scholarships Available

## \$10,000 per year for eligible STEM majors

SCHOLARSHIPS AWARDED THROUGH THE COLLEGE OF SCIENCES AND MATHEMATICS

### STEM majors include:

- Biochemistry
- Biology
- Chemistry
- Computer Science
- Computer Information Systems
- Engineering Physics
- Geology
- Information Technology
- Mathematics
- Nursing
- Physics

### To be considered, you must:

1. Enter SFA as either an incoming freshman or a new transfer student beginning in fall 2015
2. Complete the scholarship application through the student's mySFA account by Sunday, Feb. 1, 2015
3. Declare a STEM major
4. Submit at least one letter of recommendation from a STEM faculty member (college or high school, as appropriate)
5. Enroll as either an incoming freshman with a math SAT/ACT of at least 600/26 **OR** as a transfer student with at least a 3.0 GPA in the major and at least a 3.5 GPA cumulatively
6. Advance through the interview process with the STEM scholarship committee.

*Each scholarship recipient receives \$10,000 per year, up to four years, provided the student maintains the scholarship requirements. The student must make appropriate progress each semester on the degree requirements for the major.*

To receive an application form or to learn more about this scholarship opportunity, please contact Vicki Shimer by email at [shimervm@sfasu.edu](mailto:shimervm@sfasu.edu) or by phone at (936) 468-5197.
